Down from the heavens
To take my heart away
I couldn't resist
That first kiss she threw my way
In her eyes
I saw tenderness
In her eyes
I longed her caress
Touched my heart
And she tore it apart
She had it planned right from the start

But the devil's inside
With nowhere to hide

But the devil's inside
Inside of that girl

CHORUS:

She's got a face like an angel
But the devil's inside of that girl
Face like an angel
But the devil's inside of that girl

Love with no mercy
I so cold and grey
In a one side affair
Makes it hard to keep the faith

In her eyes
You could never guess
In her eyes
That that sweet caress
Could break your heart
And tear it apart
I can't believe I fell so hard

For a face like an angel
'Cause the devil's inside of that girl
She's got a face like an angel

She touched my heart and she tore it apart
With a face like an angel
'Cause the devil's inside of that girl
She's got a face like an angel
