People always tellin' me  
I'm livin' too fast  
They say "keep it up  
And your body won't last"  
But the fast life's the one I got to lead  
'Cause if I can't, baby  
I don't wanta be me

For me it's fast ladies  
And very slow gin  
I'm glad I'm still young  
And my life's just beginning

Wake up in the daytime  
The afternoon  
Then I get ready to have my fun  
I'm a wild, crazy person  
And that's for sure  
I'll be getting home early  
Anytime around four
