

## I Can't Take It

© 2002 Daveja Vu Music (BMI)

Music & Lyrics: Dave Meniketti

You take me for granted  
If you take you me at all  
While I'm waiting for you  
You say I'm mistaken  
And what I feel is right is wrong  
But I've just been played for a fool

You tell me you're with me  
While I watch you withdraw  
And there's no problem for you  
But you checked out now baby  
Like I've known all along  
And I just get nothing from you

CHORUS:

Well, I can't take it  
I can't take it anymore  
No, I have waited enough  
Well, I can't take it  
I can't take it anymore  
I'm done missing your,  
Missing your love

Dragged down and cheated  
From a love that's long died  
Is not what I want from you  
Listen now baby  
I can't waste no more time  
Living this one-way love for you  
No, 'cause I get nothing from you

CHORUS:

And I can't take it  
I can't take it anymore  
No, I have waited enough

Well, I can't take it  
I can't take it anymore  
No more wishing, no  
I'm done missing your love

I was lying to  
Make myself believe  
These cards wouldn't fall  
Now, I can't waste my life  
Waiting, while you give nothing  
But take it all
