You got me spinning  
Round and round  
I can't see the sky from here  
Everything I feel  
Drives me down  
Too far, Too far, and now I fear

I'm lost, I'm lost, I'm lost

All your words, they burn  
Through my mind  
It seems so hard to fade away  
Alone I run  
Afraid I find  
All walls around, nowhere I stay

I'm lost, I'm lost, I'm lost
