Burn'n up the street  
Hip lock body talk  
Groov'n to the beat and shak'n

Red hot slip shot  
Polka dot bikini top  
Don't need an invitation

Headphone stereo  
Putt'n on a free show  
Driv'n all the fellas crazy

L.A. Rocks  
Moves non-stop  
Turn up the music  
And let's get crazy

CHORUS:

It's boys' night out  
In the city  
Boys' night out  
Oh girl you look so cool

California chic  
Tick tock no clock  
Sneak a little peek sensation

Juke box coin slot  
Tried to peek—got caught  
I need a reservation

Cool shades lemonade  
Margaritas in the shade  
Who said liv'n's easy

L.A. Rocks  
Moves non-stop  
Turn up the music

And let's get crazy

CHORUS:

It's boys' night out  
In the city  
Boys' night out  
Oh girl you look so cool  
Boys' night out  
Get down and dirty  
Boys' night out  
No there ain't no rules

She's a rocker—non-stopper  
Ballroom queen—a real show stopper  
She's got it—can't knock it  
Oh no—you got it all baby

Got a Long Island ice tea  
Private room, her and me  
Ooh, I must be dream'n  
She's got big dreams, big bucks  
Nice tan—look don't touch  
That's my Mercedes

Two tone full blown  
Technicolor Kodachrome  
You oughtta be in pictures

L.A. Rocks  
Moves non-stop  
Turn up the music  
And let's go crazy

CHORUS
