Your sultry eyes
Your seductive smile
Taunts at my soul
The call of the wild

Beneath this mask
I can not hide
How I hunger for your touch
Your body next to mine

Can't stop temptation calling
I'm on the edge of falling down,
for you

CHORUS:

I'm losing my mind
You gotta give me some attention
I'm losing my mind
I want to feel your body baby
Come down all over mine

Each breath you take
Oh, every move
The passion growing stronger
Can't turn away from you

I want to taste your lust
Run through my veins
Your body next to mine
'Til I ease this pain

Love's torture – oh it's calling
Behind these eyes you can see

CHORUS:

I'm losing my mind
You gotta give me some attention
I'm Losing My mind
Oh baby come to me
Lay your body next to mine

CHORUS:

I'm losing my mind
You gotta give me some attention
I'm losing my mind
I want to feel your body baby

I'm losing my mind
You gotta give me some attention
I'm losing my mind
Behind these eyes, you can see
Oh baby, I'm losing my mind
