Well, I'm sittin' over here on a parchman farm  
I'm sittin' over here on a parchman farm  
Sittin' over here on a parchman farm  
Ain't never done no man no harm

I'll be down here for the rest of my life  
Be down here for the rest of my life  
Be down here for the rest of my life  
When all I did was pull my knife out

Put me down here on the ball and chain  
Put me down here on the ball and chain  
Put me down here on the ball and chain  
Oh lord, they're 'bout to drive my mind insane  
Bust them rocks!
